

Installation

These questions are related to the installation of Goldray's decorative glass

Do you install the glass?

Goldray is a manufacturer of decorative glass products and we provide glass to other companies that perform the installations. For a recommendation on a qualified installer in your area, please contact your inside salesperson at the Goldray head office.

How can I get installation instructions for your various products?

Goldray has installation instructions available for many of our glass products and wall systems. Contact your local sales rep or inside salesperson at the Goldray head office for more details.

Which decorative glass products can be used in interior and exterior applications?

There are many variables to consider when designing a product for interior or exterior use. Please contact your local sales rep or inside salesperson at the Goldray head office to discuss the details on your particular project.

What adhesive do you recommend for installing backpainted glass and magnetic markerboards?

When installing Goldray's backpainted glass, we recommend using Dow 795 or 995 silicone in a color that is compatible with the paint color. Installation instructions are also available from your Goldray salesperson. Goldray also offers mechanical installation systems that may reduce cost and save installation time significantly. Contact your local sales rep or inside salesperson at the Goldray head office for more information.
